No One Lives Twice / A Grave Calling Julie Moffett , Wendy Roberts

Get your geek on! Prepare for adventure with reformed hacker and trouble magnet Lexi Carmichael in the book that started it all. This is BOOK 1 in the Lexi Carmichael series originally published in 2010.

I'm Lexi Carmichael, geek extraordinaire. I spend my days stopping computer hackers at the National Security Agency. My nights? Those I spend avoiding my mother and eating cereal for dinner. Even though I work for a top-secret agency, I've never been in an exciting car chase, sipped a stirred (not shaken) martini, or shot a poison dart from an umbrella.

Until today, that is, when two gun-toting thugs popped up in my life and my best friend disappeared. So, I've enlisted the help of the Zimmerman twins--the reclusive architects of America's most sensitive electronic networks--to help me navigate a bewildering maze of leads to find her.

Along the way, my path collides with a sexy government agent and a rich, handsome lawyer, both of whom seem to have the hots for me. Hacking, espionage, sexy spy-men--it's a geek girl's dream come true. If it weren't for those gun-toting thugs...

A Grave Calling by Wendy Roberts

There had been no attempt to bury the dead girl, naked except for the white ribbon tied to her wrist

Twenty-five-year-old Julie Hall has a unique ability: when she takes up a dowsing rod, she finds not water but bodies. To Julie, it's a curse, not a gift, and one she rarely uses--but when FBI agent Garrett Pierce shows up at her door seeking help with a case, she has no choice but to assist with the search

Three girls are still missing. The killer is still out there. As bodies are discovered and more girls disappear, the case becomes almost more than Julie can bear. And when the killer turns his sights toward her, even her growing relationship with the protective Agent Garrett may not be enough to save her.

Miniseries: A Lexi Carmichael Mystery

Betty says

I won it in a Giveaway, thanks. The cover makes A new friend. A new author for me and I will her again. The characters grabbed my attention from the beginning. A fun and easy to read. One I found hard to put down. A mysterious stranger stopping by a night, Slash. Who is he? Friend disappearing. Men with guns demanding papers. Expert hackers able to break in anywhere and National Security (NSA) is involved. The ending will leave thinking. What more could want? I HIGHLY recommend this book.
