Perfect Love Story

Natasha Madison

Perfect Love Story Natasha Madison

When one man's death exposes a complex web of lies, three couples discover the true meaning of love, loss and redemption.

Hailey

What do you do when you find out your whole life was a lie?

That your husband really wasn't your husband but someone else's.

That the vows you made to each other were simply empty promises.

You pick up and move to the country to start fresh.

When life hands you lemons, you make sure you have tequila because your life is about to get stirred up.

Jensen

Married to my high school sweetheart, the best thing she gave me was my baby girl.

But we weren't enough for her. I wasn't enough for her.

The last thing I expected on my birthday was a Dear John letter, but that's what I got when she upped and left.

Now, it's just me and my girl against the world till the new girl moves in next door.

Is there such a thing as a perfect love story?

Maria... says

"3 Perfect Love Story Stars"

This was a sweet story.

The main character were ok at first and became more lovable as the book was progressing.

Mila was the sweetest baby girl EVER!

Jensen and Hailey's chemistry was ok. But I needed more time with these two being a couple and enjoying their new life together.

There were some great second characters that I loved as well.

Dri ☆ says

★ 2 stars!!! ★

“It’s not what you went through; it’s what you do after it that defines you.”

Infelizmente esse livro não foi tão “perfeito” quanto eu gostaria.

Até em torno de 20% da história, a leitura foi bem arrastada pra mim e com muitas repetições. O fato de tudo ser narrado de forma rápida não ajudou também.

Não consegui me conectar com a Hailey, apesar da situação delicada a qual ela estava enfrentando, eu não senti absolutamente nada. Ao meu ver ficou forçado o que dificultou sentir qualquer simpatia. E a mesma coisa aconteceu com o Jensen.

O relacionamento da Hailey e Jensen também não me convenceu, não vi ou senti esse amor todo entre eles. Acho que faltou mais cenas dos dois juntos compartilhando sentimentos, criando uma ligação maior e mais forte.

Todo o “drama” entre Crystal & Gabe teve destaque demais para o meu gosto, totalmente desnecessário. A autora poderia ter cortado cenas que envolviam esses dois e focado mais no casal principal.

A sensação de que faltava algo me acompanhou durante toda a leitura e isso foi realmente um incômodo. Pensando bem sobre isso, tenho a certeza de que foi o ritmo com que a trama se desenrolou. Devido a “bagagem” dos personagens, a história em si merecia mais desenvolvimento e elaboração. Uma pena, porque tinha potencial pra ser uma linda história de amor, o que definitivamente, pra mim não foi...

Malene says

Perfect Love Story is a quick read with some great characters. I enjoyed the story but I wasn't blown away. I struggled with Hayley and Jensen because of their lacking chemistry. I was mostly intrigued and interested in Hayley's brother Blake so I'm glad to know he has his own story in this trilogy. Perfect Love Story started out great but I felt that the cautiousness Jensen felt towards Hayley went on for too long and when they finally got together it was too late in the story and for me to enjoy them as a couple. It just went too fast from that point on. I enjoyed a lot of the secondary characters such as Blake, Brody, Nanny and Delores. Overall a great first book in this series and I'm pretty sure that I'm going to read the remaining two books.

Lu Bielefeld *read.laugh.love* says

The hero is a jerk most of the time and our heroine has been betrayed cowardly by the fake husband. The impression I had is that our hero still awaited the return of ex-wife. The closed and abandoned house plus his refusal to accept someone occupying the house. Our heroine suffered a lot but gradually recovered with the help of friends and family. I liked Crystal and the hero's daughter. Blake seemed very interested in the real wife of the heroine's fake husband. It seemed to me that he would get involved with her. Maybe. The ex-in-law of the hero caused confusion and disappeared without further explanation. It was an ok story.

Britt Franks Red Hatter Book Blog says

Perfect Love Story is exactly that. Beautifully, unbelievably perfect. This is one of those books that digs deep right into your heart. That you never, ever want it to end. That you finish and just hug to your chest because it was so utterly wonderful. That is just some of what this book is. Filled with so much emotion it makes your heart hurt, I was captivated from the very first page. I didn't devour this book, it devoured me.

I was sobbing within minutes of starting this. Natasha Madison writes so beautifully the characters just come to life and the emotions are so powerful. I shattered with Hailey and then I healed with her. Hailey's story isn't an easy one to take. What happens to her is so devastating, but surrounded by incredible family she survives what most wouldn't recover from.

Even surviving doesn't mean she's really living though, but when she meets the adorable little girl who's father just happens to be someone she thinks is a jerk she slowly begins to live again. Jensen has also been put through the wringer. A single father still bitter after a horrible divorce he's got walls that no one has managed to climb, until Hailey arrives.

Both of these shattered hearts start to heal in one of the best love stories I have ever had the pleasure to read. Hailey and Jensen's story is one of real, true love. Full of raw emotion and healing their story is one I'll read again and again. I can't wait for the next in this series!

Jen says

First of all I want to thank Natasha Madison for gifting me a copy of this book and the next two books in the series...as well as "Wrapped Up in Reading " who put on the contest that I won!!! I was very eager to begin this series as I have read this author's other books and fell in love with her stories! I do enjoy her style because not only is there passion, romance, and sex; but there is usually an intriguing story to go along with the love!

In this book, we are introduced to Hailey and Jensen... these two people have both experienced heartache that cripples them emotionally... and rightfully so... When Hailey decides to make a huge life change and move to a small town, it ends up to be the best decision she ever makes!

Jensen Walker has a huge chip on his shoulder when he comes across Hailey, and to be honest, I struggled to like him at first. He was such a jerk to her and I had a very hard time not to resent him! Hailey holds her own with him though; and she not only wins his favour but his daughters as well!

The relationship that develops between Hailey, Jensen and Mila.... is really quite beautiful! I enjoyed every moment of seeing their love blossom! I also enjoyed the secondary characters in this story and I can't wait to read Gabe's book!!! His is next and it's going to be a major adventure I'm thinking!!!

This series is definitely worth checking out if you are looking for a sweet romance with a bit of angst! I do highly recommend anything that Natasha Madison writes!

Carla Bulian says

3,7. Gostei do enredo, e gosto muito dessa autora, mas... achei a história corrida, poderia ter desenvolvido mais para gostar mais dos personagens. No final achei um pouco desconexo do contexto uma certa carta...

Dee Montoya says

FIVE PERFECT STARS****

This story is exactly what the title says, a *Perfect Love Story*. A tale about losing love, healing hearts, and allowing yourself to believe in love again, after a tragedy. Natasha Madison went back to basics and brought us a beautiful story that will make you fall in love. This is truly a book that will sing to your heart.

I loved all the characters in this story, I loved the writing and the beautiful beach town setting. This was truly the perfect love story.

Hailey thought she had it all. A newlywed still basking in the joys of having had found the perfect soulmate, but one day her husband suddenly dies in a terrible car accident. While mourning the death of her husband,

she discovered the awful truth that he had actually been living a double life.

At the advice of her family, she decides to sell everything she owns and move away with her best friend, together Hailey and her cousin Crystal go on a new life adventure.

It's not long before Hailey meets Jensen. A single dad also dealing with loss. They don't get off to a great start but little by little animosity turns into a friendship, and then a beautiful love story is born.

This story was simple but meaningful, sexy and lovely, all at the same time. Like I said before, I fell in love with all the characters and I can't wait to read every single book in this series.

Alex ? says

3.75 stars

If not for the first 20-25% of the book, I would have clicked 5 stars.

I like a broody hero, but this one was rude, without any reason rude. Fortunately, the heroine wasn't a wallflower and called him out on his crap!

After he stopped to be an a\$\$hole, he was actually a very sweet guy. Great father, good son. I felt for him and his past, BUT it wasn't heroine's fault and he was unfair at the beginning!

I like my female characters strong and self-confident, but no one (apart from me of course *lol*) was born this way; and I absolutely love to read about women, who don't give up and become stronger.

This one wasn't perfect and maybe I wished she acted differently, but since I didn't co-write with Natasha, I tried to understand and to support her/the heroine.

I deserve to have a man who will not only love me and only me but also won't have to look elsewhere to be complete. That is what I deserve. I deserve to be put on top of the pedestal and kept there."

Yes! Yes! Yes!
(view spoiler)

Safe! The hero was NOT a manwhore -> hallelujah!!! The heroine was his only 2nd woman – amazing!!! Burned so many times I want to hug every author, who doesn't write her hero as an abhorrent manwhore.

Sooooo looking forward to the next book. Next heroine is a firecracker!

But I'm not sure about the 3rd one – I agree with Leonor, Blake (this heroine's brother) will be paired with h's cheating and lying ex's wife. I only hope the woman would be strong-willed! Fingers crossed!

Andrea Fleury says

Perfect romance

Wow....what can I say other then I cried and I laughed . This was a very sad ? book. But then happiness came around.I would give it 100 stars. This is my first time reading this author. Unbelievably wonderful.

Leo (Queen of the Rants and the Crazy) says

~Another d*ck of a hero.

~Miss goody two shoes heroine. Yes I felt sorry for her, for what her lying fake husband did to her but the answers I got weren't enough.

~Loved Crystal, can't wait for her book.

~It seems like this series will have a\$\$holes heroes.

~Cute kid.

~This could be me but I felt like the hero was waiting on his cheating wife to return.

~Is it also me that I didn't feel any chemistry between them two?

~Celibate hero for 4 years?

There wasn't enough couple time, I didn't believe in their "perfect love story".

I have a feeling the heroine's lying fake husband's real wife will be paired with Blake.

? TheBibliotheque says

"Sometimes no matter how you plan things, how you map it out, life has twists and turns."

I know, that is a zero romantic quote considering I usually pick a pretty darn cheestastic one for my romance reviews. But it's this quote and not any of the other beautiful ones available the one that resonates the most with the story. Because oh holy moses what a story indeed.

Hailey's life is turned upside down when her husband dies, only to discover soon after that he was someone else's husband in the first place. That she was THE OTHER woman. Guys, I don't know how I missed that when I was reading the blurb before picking up the book, but I did. So you can imagine my face when this huge detail is unveiled. I had to reread that paragraph a couple of times and then there was a chain reaction in my head of "oh no she did not do this" (obviously referring to Natasha Madison, because woman, you put your character through hell). So, where I want to get with this, is that the first quarter of the book is filled with angst. But surprisingly, and even if all this dread and pain and grief is coming from a pretty angsty situation, it never seemed overly dramatic. And trust me, the premise is angsty and dramatic alright.

Which brings me to the good thing about this book. All the angst ends there. After Hailey moves to start over with her life, she is able to piece herself together and find love again. Enters Jensen, a single dad that is still

trying to get over the anger after his wife took off with another man and abandoned him and more particularly, their daughter. So, we can pretty much state that he is completely closed off to everyone and anyone new. This sets the perfect pace for a sort of from enemies (a*shole) to friends to lovers relationship. And man, was it beautiful.

Hailey and Jensen's dynamic, even though has a rocky start, grows naturally thanks to his daughter, and the best part? It's completely angst-free. All the angsty bits of this novel are in the beginning. Leaving for the end a natural, honest and gentle love story between two broken souls that were just waiting for each other.

Shayna says

“So are you going to kiss me or not?”

As you all know, I'm no stranger to the talent that Natasha Madison brings to the table. If YOU are, you need to remedy that ASAP, trust me on this. But even I was skeptical going in to this latest release of hers. In reading just the synopsis, I started to experience anxiety. Now, if you are a fan of angsty as hell romance, more power to you and you should have absolutely NO WORRIES whatsoever diving right in to this, but I'm very weary of it because of the fact that I've had some bad experiences in the past with angst-filled love stories. That being said, I have tremendous trust in this author so I wasn't passing it up, and you know what? Thank you JESUS for that because PERFECT LOVE STORY was just that...the PERFECT LOVE STORY! Beautiful, touching, charming, devastating, magical, and hella' sexy, once I started, I couldn't put it down for the life of me, nor did I ever want to. The profound affect that Hailey and Jensen's story had on me was astonishing. I've never been so frustrated one minute, and completely blissed out the next. These characters are absolutely EVERYTHING!

And this is just book one, people! Can you even imagine what else she has in store for us with this emotional series. If falling HARD for the two main characters isn't enough for you, oh boy, are you in for a fantastic treat because there are SO MANY damn characters to love in this book! Some you'll adore...some you'll love to hate. Either way, you'll feel every single emotion possible while reading this fabulous romance. So don't be like me, and let the synopsis almost scare you off. Embrace it! Love it! Trust it! Believe me, you will not be disappointed! Natasha Madison will make FANS FOR LIFE with this new release...she already has one in me! So, keep this series on your radar because I just know they will only get better and better.
