Hannah S. says

this is a sad book.

The Moon Rider says

Karen was in school, looking out the windows. she was looking for signs of spring. They were also working on poems. Karen made that said,

"Spring, Spring, A Very Good Thing. It Makes Me Want To Sing And Sing."

They left school a few hours later. The next day, when Ms. Colman (their teacher) wasn't there, Karen went up to the windows and looked outside from one of the windows. The wind was blowing. When the wind blew, a bushes branch blew to the side, and Karen saw a duck for a second. "I saw a duck!" Karen shouted.
