Star Wars - Boba Fett: Enemy of the Empire John Wagner , Ian Gibson (Illustrator) , John Nadeau (Illustrator)

Collects Boba Fett: Enemy of the Empire #1-4, Boba Fett #0.5. Before the events of A New Hope, Darth Vader employs Boba Fett, on a mission to discover and bring to Vader a single small box, the contents of which could change the fate of the galaxy. But there's a catch: Vader trusts no one, and the truth of the box's mystery is too important to allow the bounty hunter to live! When Fett retrieves the prize, he finds himself the target of more of Vader's thralls.

Damien Hughes says

Boba fett enemyof the empire

I love Boba Fett and that said to see him go one on one with the Dark Lord himself Darth Vader that in itself is epic I gave it 5 stars artwork story line characters just an all around great read for any fan of the star wars universe or a good comic regardless of who is the main character. This was without a doubt Boba Fett at his best.

Steven Kent says

Yes, it's a graphic novel... to you snobs, a comic book; but it's a great one. Man, did I ever get a kick out of these stories!

Cairo Duran says

Its a good book and Boba Fett fights Vader and wins and since I'm a star wars fan I would recommend this book to you.

Rahnier says

ahh!

Angela says

Boba Fett is sent on a mission by Darth Vader, who intends to kill him after he fulfils his purpose. The story is ok, its a shame it has lots of jokey components to it. It feels very cartoonish and not what you would expect from a Fett story. An ok read.

Bradley says

Star Wars comic that promises a confrontation between Boba Fett and Darth Vader. This was written before the prequels so none of that backstory makes an appearance here. According to it, its the first time Darth Vader has contracted Fett's services as a bounty hunter. During Fett's task something goes wrong and Vader has to personally intervene which leads to their inevitable one on one. I quite enjoyed the story at the time, but it has been a while since I read it. The art covers are great visuals and the story is better than many other

comics that try these one vs one comics. If you like both characters, its worth a read.

Roman Colombo says

Really strange but really fun. The art was pretty cool too,almost a retro feel to it.

Jimmy Leigh says

Well done

Good book well done boba fett is my favorite person in star wars super well done for doing this book

Justin says

I love me some Boba Fett, but this story was juvenile at best. I have a very difficult time even getting to enjoy the story because the illustrations were so awful. The story showed promise, but was too far fetched to even be believable (a talking head that can tell the future?!). Darth Vader sounded like a inept leader surrounded by a bunch of easily manipulated fools. He talks big and looks scary but just doesn't act like a Sith lord ought to act.

I give the author props on trying to work a minor story in between the major ones, but this attempt did not seem well thought out. I enjoyed the 'Salvage' story at the end. It showed lots of promise and was definitely believable. I would like to see that story expounded upon!

Noah Soudrette says

A fun read and one of the few Boba Fett stories that isn't just a one shot. Basically, Vader hired Fett to retrieve an item, Boba decides to keep it for himself, and they fight. Their fight at the end is great and there's a lot of humor along the build up to the finale. Sadly, the art here is way too cartoony and doesn't really help the book. There's also a pointless one shot at the end involving bugs. A fun read, but could have been better.

Andrew Rose says

First meeting of Fett and Vader

Decent length, good story. Fett takes on a bounty for Lord Vader but the price of victory might be higher than he can afford.

Bill Koester says

Good Boba Fett story, from back when he was still the Man with No Name of the Star Wars galaxy.

Dean Thompson says

Thoroughly enjoyed reading this story. Boba is one of the cool bad guys and to get back story explains a heck of a lot. It certainly kept me entertained for all four parts.

Angel says

This was pretty entertaining. Boba Fett gets hired by Darth Vader to find a certain artifact. However, Vader is not the trusting type, so he sends assassins to kill Fett once he finds the item. Will the galaxy's most feared bounty hunter succeed? The volume features a second short story where Fett finds an empty ship. It looks like a basic salvage that could bring some coin, but things are not as easy as they seem. If you like classic Star Wars, you will probably like this.

Eulercauchy says

Fun little story, drawn by the Judge Dredd dude. Which just made me think, why am I not just reading Dredd?
