Full of funny stories and interesting facts. Fun read!

Kerry says

This was refreshing! I enjoyed all the stories of this book, some had me laughing out loud while others had me saying "OMG". The facts were interesting I guess but I skipped most of them because I thought I might learn something and that scared me, lol.

A fun book!!

Landpomeranze says

Some funny stories with a bit of trivia. Nothing earth-shattering but a quick little read.

Sarah says

Cute little fluff piece, some funny stories. nice easy read that you can use to break up other books with.

Claudia says

This book had a little trouble at take-off, but once it was off the ground it was a good flight. The collection of anecdotes included stories from flight attendants, flight crews and even passengers. A few were lame, but there were some great laugh-out-loud moments and some interesting flying factoids that lead me to recommend the book to my flight-ophile husband.

Antje says

Read it during a 9-hour flight to Germany. Hilarious! Informative! Thought-provoking ... wondering what our flight attendants had to endure.

Kristi says

Funny collection of stories. I read it while I was on the airplane which made it funnier because I was

picturing the pilots and flight attendants doing some of these lovely tricks while I was in the air.

Heidi says

This was a fun book of anecdotes told by flight attendants and pilots about some of the zany antics they get up to in the air. Instead of being whiny and anti-passenger like some other flight attendant books are, this was cheerful and upbeat. Next time I fly, I'm going to wonder what's going on behind the scenes!

Ginny says

Funny stories from pilots, flight attendants, flight crews, and passengers. Crazy stuff that goes on behind the scenes.

Steve Sawczyn says

Best and most hilarious book I've read in a long while. Anyone who flies, or who just wants a great laugh should read this.

On another note, this is the first book I've purchased from <http://www.smashwords.com> . I am very impressed with their selection and the fact that all the content I've thus far seen is accessible and is available in multiple formats.

JHolley says

Betty has such a way of writing. It's well worth reading.

Annica says

It's perfectly possible to read this book without even cracking a smile. Horrendous writing style.

Sean says

Accounts from Betty, a flight attendant, as well as other flight staff (including pilots). Stories about pranks, funny happenings, etc. Pretty funny but not hilarious, some of it was boring and a lot of airplane terms that I could have done without.

Erin Martin says

Cute book. I enjoy compilations like this every once in a while.
